Editor's Report

(please forward directly to the author)

Manuscript No.:

/Version:

Editor's Name:

After having studied the report(s) of the reviewer(s)/the revised version of the above manuscript, I conclude as follows:

The manuscript is acceptable as is.

The author is invited to submit the files of the manuscript (text and figures) in accordance to the guidelines given on web. The files should be submitted within one week.

The manuscript is acceptable with a few corrections.

The author is invited to include the suggestion(s) of the referee(s) in their revised manuscript. S/he shall then submit the files of the revised manuscript (text and figures) in accordance to the guidelines given on web. The files should be submitted within one week.

The manuscript needs (some) revision.

The author is invited to include the suggestion(s)/correction(s) of the referee(s) in their revised manuscript. S/he should then submit the revised manuscript (text and figures) in accordance to the guidelines given on web for final inspection by the editor. The files should be submitted within two weeks.

The manuscript needs major revision and must be reviewed again.

The author is invited to include the comments/manuscript corrections of the referee(s). S/he should then submit the revised version together with a point-by-point reply to the referee(s)' comments to the editor. The revised version should be submitted within three weeks. It will then be reviewed again.

The manuscript is not acceptable.

The referee(s)' comments are attached.

My own comments are attached.
